Ellipse Monobloc

As innovators of outdoor-living solutions in New Zealand for many years, Shade Elements has become an industry leader of awnings, screens and retractable pergolas.

With its classic styling, the Ellipse Monobloc encapsulates simplicity and charm. It also provides a generous area of coverage – a width of up to five metres makes it ideal for lengths of deck and other outdoor areas with plenty of space to cover.

The Ellipse Monobloc is made with quality components and a solid structure to ensure long-lasting functional sun protection.

We create versatile, beautiful outdoor spaces that connect seamlessly to homes and gardens, while providing shelter from the elements.
