Venetian Blinds

Contemporary and classic in equal measure, Venetian blinds bring structured elegance and precise control to any space. The tilting slats allow you to adjust natural light and airflow with ease, while maintaining privacy and a sleek, horizontal rhythm across the window.

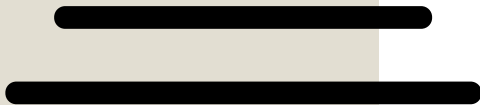

Offered in aluminium and timber finishes, they're versatile enough to complement both minimalist and warm, textural interiors.

With a balance of timeless style and everyday practicality, Venetian blinds are a dependable solution that delivers enduring visual appeal and functional control.

Slat Profiles

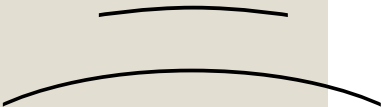

WOODEFEX 50MM & 63MM

MARUPA 50MM & 60MM

ALUMINIUM 25MM & 50MM

Add timeless structure to your space with the classic form of Venetian blinds. Available in aluminium, timber, and PVC finishes, they offer precise light control with enduring style.

Material

Colour, texture, and materiality – essential elements in shaping refined interiors. Our Venetian range offers a versatile palette across timber, PVC, and aluminium to help you craft spaces with depth, warmth, and personality.

Marupa Timber

Crafted from sustainably sourced Marupa timber, these natural slats bring warmth and texture to your space. Each colour enhances the organic grain for a timeless, elegant look.

Woodefex PVC

Designed to mimic the beauty of timber with the durability of PVC. Ideal for high-humidity areas, Woodefex colours offer a practical yet stylish solution for everyday living.

Aluminium

Sleek and modern, our aluminium Venetians come in a versatile colour range to suit any interior. Lightweight and hard-wearing, they offer lasting performance with a minimalist edge.
